#### Name and type of organization providing education and training

Bucharest Academy of Economic Studies

**Dates (from-to)****2009 - 2011**

Title of qualification awarded

Master of Science

Final paper: „ Inflation dynamics in CEE countries. A New Keynesian Phillips Curve Approach”. The paper focused on modeling inflation dynamics in CEE countries in a New Keynesian Framework. Moreover the degree of openness characterizing these countries was taken into consideration. The robustness of the results was assessed using additional tests in order to validate the estimation method. Final grade:9.40

Main subjects

Financial engineering, Corporate Finance, Econometrics, Macroeconomics, Modeling Financial and Monetary Decisions, Management of Banking Risks

Name and type of organization providing education and training

Bucharest Academy of Economic Studies, Doctoral School of Finance and Banking (DOFIN) European Centre of Excellence

Level in national classification

Master Studies

**Dates (from-to)****2006 - 2009**

Title of qualification awarded

Bachelor degree in Finance and Banks. Final paper: "Inflation targeting". The main purpose of the paper was a comparative analysis of the monetary policy called inflation targeting in emerging and industrialised economies. An econometric model of inflation targeting was estimated on the Romanian economy and therefore important macroeconomic conclusions were drawn from the econometric analysis. Final grade:10

Main subjects

Finance, Banking, Capital Markets

Name and type of organization providing education and training

Bucharest Academy of Economic Studies, Faculty of Finance, Insurance, Banking and Stock Exchange
